Honorable Judith T. Won Pat  
Speaker  
33<sup>rd</sup> Guam Legislature  
155 Hesler Street, Ste. 201  
Hagåtña, Guam 96910

Dear Speaker Won Pat,

Since the start of this Administration's second term, we have focused on economic growth and expansion. You see the results of it in increased activity in our tourism and service industry. We ended Calendar Year 2015, having welcomed more than 1.4 million visitors to our shores, smashing the previous record set about 20 years ago, and making 2015 Guam's best year in tourism. This past year, we saw more restaurants and businesses opening, more airlines adding Guam to their list of destinations, all of which contribute to the steady growth of employment and business opportunities for our people. This news is consistent with revenues estimated in the current fiscal year's budget.

The growing economic activity, coupled with the efforts of the Administration, the Legislature and GovGuam agencies to maintain the government's positive financial posture continues to impress bond raters. When compared to finances of other territories, Guam has been lauded for its financial management and discipline. If you recall, Fitch Ratings stated in a press release: "Since the current administration took office in 2011, it has implemented a fiscal stabilization plan based on spending controls, improved revenue estimation and collection, and bond issuance to both pay overdue and accumulated tax refunds as well as to provide budgetary relief."

This confidence in the government allowed us to refund 2007 and 2009 General Obligation Bonds, allowing us to save millions in taxpayer dollars. In all, we achieved an immediate savings of \$2 million and a total of more than \$45 million over the life of these bonds.

Indeed, we continue our efforts to practice responsible financial discipline. In the last few years, we have paid tax refunds within months without the government having to

borrow money. To my knowledge, it has been decades since this has happened on Guam.

Through all of this, we strive to ensure we make the most of the economic growth expected from the upcoming military buildup, and the growing tourism and service industry.

The budget that this Administration is sending to the Legislature today, reflects the bullish economy. As you'll see in the Economic Outlook, the steadily growing pace of our economy will continue and very possibly increase going into FY 2017.

Projected gross revenues for the General Fund (GF) are \$899.4 million, which is approximately \$74.4 million, or 9 percent, increase over the adopted levels for the current fiscal year. After deducting the provision for tax refund payments, the total GF net revenues available for appropriation are \$736.4 million.

The overall revenues available for appropriation for all fund sources are:

• General Fund Revenues:	\$736.4 million
• Special Fund Revenues:	\$198.1 million
• Federal Matching Grants-in-Aid:	<u>\$47.3 million</u>
Total Revenues for Appropriation:	\$981.8 million

The overall FY2017 net revenue estimate of \$981.8 million is an increase from the adopted \$909.4 million for FY2016. This projection reflects the anticipated cumulative economic growth in tourism and military activities in the coming year.

As such, I am requesting a total of \$981.8 million in appropriations for the FY 2017 Operational Budget of the Government of Guam. The projected increase in revenues will allow for continued priority to be placed on Public Education, Public Health and Public Safety. This plan is a balanced budget, as projected FY2017 overall net revenues are sufficient to cover planned FY2017 appropriations.

## **EDUCATION**

Our children's future, and the future of a sustainable economy, depends on education. Certainly, as an educator yourself, you share my belief that education is the greatest weapon against poverty and oppression. The Guam Department of Education (Guam DOE) must obtain the resources needed to provide more than just an adequate education, but a quality education that will serve as a foundation to a successful life.

## **HEALTH**

As you've no doubt noticed, I have had to step in with the Guam Memorial Hospital Authority Board of Trustees; until such time the Legislature approves the nominees I've forwarded, I will remain. In these last few weeks a team I have assembled has uncovered a myriad of issues that we are working to resolve. The additional \$5.3 million coming from the GF will assist in this regard. In addition, we have increased GF funding for the Department of Public Health and Social Services, and the Guam Behavioral Health and Wellness Center, at \$3.4 million and \$2.3 million, respectively.

## **SAFETY**

The proposed budget for FY2017 also increases the budget for safety agencies. The increase will assist the Guam Police Department with maintenance of the communication system used by public safety entities. The Guam Fire Department will use their funding, in part, to hire new firefighters. Guam Customs and Quarantine, as well as the Department of Corrections also receive increased funding levels to help them hire needed officers.

With the projected increase in revenues, the FY2017 budget request intends to address issues such as longstanding personnel and operations needs — some of which we hoped to address in the current fiscal year; but couldn't, because the Legislature decreased appropriations for overtime and additional officers.

Again, the economic outlook is bright for our island community, and that positivity is reflected in this budget submission. I look forward to your favorable consideration of the FY 2017 Executive Budget presented today. As always, my team and I stand at the ready to work with you in passing this fiscal plan.

Sincerely,

**EDDIE CALVO**

# BUDGET PROCESS

# THE BUDGET PROCESS

---

Pursuant to §4103 and §4106 of 5 GCA, the Governor of Guam is required to prepare and to administer the Executive Budget for the government of Guam on an annual basis. The Executive Budget represents the Governor's financial proposal with recommended priorities for allocating resources. The budget process is important and necessary for the enactment of a budget and review of government operations.

The Budget Process for FY 2017 entails the following essential phases: 1) formulation, 2) adoption, 3) execution, and 4) audit.

During the **formulation phase** the economic forecast and the program and financial plans are prepared for the various departments. Economic data and statistics are utilized in developing projected revenues for the upcoming fiscal year.

Once revenues have been projected, a budget call is distributed to all the line agencies. This process starts when the Bureau of Budget & Management Research (BBMR) issues guidelines to each line agency in the preparation and development of its respective budget.

The formulation phase is completed, when the Program and Financial Plan (Executive Budget) with the Governor's Budget Message is transmitted to the Legislature for its consideration.

The **adoption phase** is the process in which the Legislature considers the Governor's proposal and passes the overall revenue and spending plan under a General Appropriations Bill. The Bill usually receives more detailed hearings within the auspices of the applicable legislative

committees. Usually, a series of hearings are called by the Committee on Appropriations, Taxation, Public Debt, Banking, Insurance, Retirement and Land to allow department heads and staff members to present an overview of the Governor's proposed budget, relative to their departments and agencies annual appropriation requirements. Finally, the Legislature passes a General Appropriations Bill no later than August 31<sup>st</sup> of the current fiscal year. The Bill is then transmitted to the Governor for approval. Other bills to include amendments during the fiscal year may be introduced for enactment into law.

The **execution phase** involves the release of funds appropriated per the General Appropriations Act. Each department prepares its allotment of appropriations and may request revisions, legislative or administrative transfers, or supplemental appropriations throughout the fiscal year. BBMR must approve such allotment revisions. The Bureau also monitors and assists agencies in carrying out the approved budget in line with the established policies of the Governor.

The **audit phase** involves the evaluation of all departments and agencies' financial performance at year end to ensure compliance with applicable laws and regulations. During the audit phase, financial transactions, accounts and reports are assessed and analyzed to improve accountability, effectiveness, and efficiency in the achievement of goals and objectives. This phase is also to assure economic use of resources to enhance the quality of public service.

# REVENUE AND EXPENDITURE OVERVIEW

---

# REVENUE AND EXPENDITURE OVERVIEW

The Government of Guam's operating revenues are composed of four classifications: General Fund, Special Funds, Federal Grant-in-Aid, and Semi-autonomous and Autonomous Agencies Operating Funds.

General Fund- \$899,436,020; Special Funds- \$198,120,547; Federal Grants- in- Aid- \$353,698,510; Semi/Autonomous- \$771,551,369; TOTAL: \$2,222,806,446

## General Fund

The General Fund is the fund into which all government revenues, not otherwise restricted by statute, are deposited and from which appropriations are made. The Government of Guam is the only taxing authority and there are no separate municipal, county, school district or improvement district taxes.

The three primary sources of General Fund revenues are Income Taxes, Business Privilege Taxes, also known as gross receipt tax (GRT), and Federal Sources. Income taxes account for 60.04% and Business privilege taxes for approximately 30.42% of total General Fund revenues. Under the Organic Act, Guam's Income Tax Code mirrors the United States Internal Revenue Code. As a result, the income tax laws in force in the United States are applied to the residents of the Island, however, payable to the Treasury of Guam. Gross receipts taxes are levied on a broad base of goods and services, including the sale of tangible personal property and the provision of professional service. The Fiscal Year 2017

revenue forecast is reflective of collection experience up through the month of December 2015.

Federal Sources include Section 30 funds. Section 30 of the Organic Act of Guam requires that all customs duties and Federal income taxes, quarantine, passport, immigration, and naturalization fees collected on Guam shall be covered into the Treasurer of Guam. These include federal income taxes from military personnel based on-island or consider Guam as their state of legal residence.

Income Tax- \$540,028,458; Business Privilege- \$273,648,211; Federal Sources- \$76,793,526; Other Taxes -\$2,183,865; Others \$6,781,960; TOTAL: \$899,436,020

## Special Revenue Funds

Special Revenue Funds are created by statute or Executive Order with an identified source of revenue or appropriation. Expenditures from such funds are restricted to purposes set by statute or as sources for debt service payment for bonds issued for constructing and improving major facilities and infrastructures. Several of the more significant Special Revenue Funds include the Tourist Attraction Fund, Guam Highway Fund, Territorial Education Facilities Fund, Customs & Quarantine Inspections Fund and the Solid Waste Operations Fund.

# REVENUE AND EXPENDITURE OVERVIEW

Tourist Attraction - \$39,395,581; Guam Highway - \$19,730,956; Solid Waste- \$19,186,214; Territorial Education Facilities- \$28,705,521; Customs & Quarantine - \$14,887,880; Others \$76,214,395; TOTAL: \$198,120,547

## Federal Grants-in-Aid

Federal Grants-in-Aid are funds received by the Government for public service delivery, either for specific programs or for general purpose aid. Federal Grant funds, which may require local matching funds, are requested through various Federal agencies and are spent according to the terms and conditions approved by the respective Federal grantor agency. Major Federal grantor agencies include the United States Department of Education, Health and Human Services, Interior, and Agriculture.

U.S. Department of Agriculture- \$147,281,430; U.S. Department of the Education- \$69,723,189; U.S. Department of Health and Human Services- \$63,308,250; U.S. Department of the Interior- \$26,188,670; Others- \$47,196,971; TOTAL \$ 353,698,510

## Semi-autonomous and Autonomous Agencies Operating Fund

These funds are financed and operated in a manner similar to a private business enterprise where the cost of providing services to the public on a continuing basis is financed or recovered primarily through user charges. Autonomous agencies such as the Guam Power Authority, Guam International Airport Authority, and Guam Waterworks Authority generate revenues to fund operational and capital requirements. Other agencies, such as the Guam Visitor's Bureau, University of Guam and Guam Community College, require subsidies from the General Fund and other external sources to meet their operational requirements. Most autonomous agencies prepare for their Fiscal Year 2017 budgets between the months of April through June. Listed below are operational budget amounts from various autonomous and semi-autonomous agencies for FY 2016.

Guam Power Authority- \$326,640,000; Guam Airport Authority- \$43,878,874; Guam Memorial Hospital- \$132,734,920; Guam Waterworks- \$72,590,000; Guam Port Authority- \$50,000,000; Others- \$145,707,575 TOTAL: \$771,551,369

## **Economic Outlook for Guam Fiscal Year 2017**

### **SUMMARY**

Guam's steady expansionary economic trend is forecast to advance in FY 2017 at a moderate and very possibly increasing pace. The continuing expansion is expected to be driven primarily by growth in the visitor industry with both increasing numbers of visitors as well as increasing revenue as hotel rates increase and expenditures rise. Increasing diversity and growth in Asian tourist outbound traffic to Guam is expected to continue, boosting the record 1.37 million visitors who came to Guam last year. Capacity expansion to accommodate increased numbers of visitors is underway with increased air transportation, hotel accommodations, retail, entertainment and other commercial investments. Major private commercial investment, as well as public investment in utility infrastructure, is also planned.

The Department of Defense continues building Guam's defense infrastructure capacity and that pace is expected to accelerate with preparation for the Marine Corps relocation from Okinawa underway. During the last decade the Department of Defense construction contracts have totaled over \$2 billion and have averaged nearly \$240 million annually for the most recent six years. In 2016 multiple major projects are scheduled to commence in support of the planned relocation of Marine Corps personnel from Okinawa.

The continued economic expansion on Guam will be bolstered by simultaneous growth in tourist, resident and military populations; continued moderation of energy costs; and America's rebalancing of its strategic focus and defense posture toward the Pacific.

### **TOURISM**

2015 was Guam's best year in tourism history with more tourists arriving than in any other year. December 2015 also made history as the top December with a record 132,418 visitors, a 10.5 percent increase over December 2014. The Guam Visitors Bureau reports visitor arrivals of 1,372,531 for FY 2015, and projects a two percent increase each year, for the next two years, with arrivals projected at 1,400,000 in FY 2016 and 1,430,000 in FY 2017.

Airline and hotel capacity increases will help support and promote the increase in projected arrivals. Eastar Jet Co. Ltd. is planning to start regular scheduled flights on the Seoul-Guam route in summer 2016. The airline plans to use Boeing 737-800 aircraft with a capacity of 186 passengers. The Department of Transportation granted the company a foreign air carrier permit. This increase should help offset the capacity loss due to United Airlines suspension of services on the route. Air Busan will offer services on a new route directly from Busan, Korea to Guam in July 2016 with four flights weekly. In 2015 T'Way Air and Air Busan launched services between Seoul and Guam. This will bring the number of Korean Air carriers serving Guam to a total of five. An estimated 2,500 potential visitors per month are anticipated. Cebu Pacific Air announced four times weekly service between Manila and Guam starting March 2016. As a low-cost carrier, it plans to expand the market and add 1,444 weekly seats to this route using new Airbus A320 aircraft.

Hotel capacity on Guam expanded in 2015 with the long awaited opening of the Dusit Thani Hotel and additional hotel construction is scheduled in the near future. The Guam Economic Development

Authority board approved two applications for its special hotel Qualifying Certificate (QC) authorized under Public Law 32-233. A 500-room Citta di Mare Hotel with a construction cost of \$130 million is planned for a location behind the Acanta Mall in Tumon. P.H.R. Micronesia is constructing a 340 room hotel adjacent to the Hotel Nikko Guam with a total investment of approximately \$168 million. LGI Polaris – Ladera Towers Condominiums will be converted to Ladera Towers Hotel. The total room count is 218 with a total investment of approximately \$137 million including purchase of the condominium. All three of these hotels are scheduled to start construction in 2016. GEDA’s goal with the special hotel QC program is to add 1,600 rooms for Guam supporting the Guam Visitors Bureau’s Tourism 2020 goal of bringing in more tourists. The Guam Hotel and Restaurant Association statistical report shows that, in addition to increased number of visitor arrivals, visitor expenditures on hotels have also increased. In 2015 weighted average hotel rates increased from \$136 per night to \$148 or seven percent. The increase is on top of the 11 percent increase in 2013 and 9 percent increase in 2012. Hotel occupancy rates of 76 percent indicate there is still existing room capacity to permit additional arrivals.

Macy’s plans substantial retail space additions with a two-story 45,000-square-foot expansion in late summer 2016. The addition is currently under construction. Another development, the Tumon Bay Mall will offer about 200,000 square-feet of floor space on two levels. The mall structure is already constructed as an unfinished shopping center.

2015 was a banner year for tourism from several markets. Korea arrivals increased 39 percent to 429,900 visitors and arrivals from the People’s Republic of China increased 46 percent to 23,698 visitors. Japan’s numbers declined by 4.7 percent. This drop is in line with the Japan National Tourist Organization’s forecasted overall decline of 4.5% for outbound travel in 2015. The outbound downturn is a result of a weakened Japanese yen and Japanese travelers choosing domestic travel.

Four factors support the trend and projections for continued strong arrival growth from China. These include an economy with a high, albeit slowing, growth rate; direct United Airlines service from Shanghai to Guam with Boeing 737-700/800 aircraft since October 2014; less restrictive visa requirements for Chinese travelers which increased business and tourist visa validity from one to ten years, student and exchange visa validity to five years and added consular support to expedite visa processing to support the U.S. policy of increasing tourism from China to the U.S.

## **ENERGY PRICES**

The dramatic drop in prices of petroleum products that occurred in 2015 has largely already been incorporated into the economic performance of Guam’s economy last year. However, some additional relief is in sight with the Public Utilities Commission authorizing a 9.2 percent drop in the average ratepayers bill which will become effective February, 2016. Additional price reductions may still be possible but far less so than the magnitude realized in 2015. The U.S. Energy Information Administration forecasts crude oil prices to remain relatively low through 2016 and 2017. Last year’s forecast was for oil prices to rebound somewhat in 2016. The lower oil prices are expected to continue as supply continues to outpace demand and more crude oil is placed into storage. The lifting of sanctions against Iran will add additional supply to the market. Lower energy prices translate to lower business and consumer costs not only for energy directly but also for goods and services which use energy. Fuel cost reductions are particularly important for aviation and price

---

sensitive tourists. Consumer prices on Guam in the 4<sup>th</sup> quarter of 2015 declined by 2.1 percent over the year primarily due to reduced energy costs.

## **FEDERAL GOVERNMENT EXPENDITURES**

Federal expenditures constitute one of the major flows of funds to Guam along with tourism and capital investment in construction. Federal expenditures are comprised of defense and non-defense categories. The defense category is likely to increase due to expansion of defense capacities on Guam, with substantial military construction projects in preparation for the relocation of marines from Okinawa along with substantial unrelated military construction projects. The FY 2017 federal budget to be released in 2016 will provide a clearer picture of the intensity of such activities. Slight increases in federal workers pay have been implemented. The budget agreement provides for an average 1.3 percent raise for federal employees starting January 10, 2016. Military pay has been increased, also by 1.3%, effective January 1, 2016. Retirees will not receive a Cost-of-Living adjustment (COLA) in 2016 and Social Security Cost-of-Living Adjustments will similarly not occur due to low consumer price increases over the past year.

The budget uncertainty in recent years due to the continuing possibility of a federal government shutdown and budgetary sequestration has been avoided for 2016. Congressional leaders reached a deal on a \$1.1 trillion spending bill that would end the threat of a year-end government shutdown and fund federal agencies through most of 2016. The Congressional Budget Office (CBO) confirmed that as a result of the omnibus Bipartisan Budget Act signed on December 17, 2015, automatic cuts through sequestration have been avoided.

## **CONSTRUCTION**

Construction accounts for about 10 percent of Guam's economy in terms of civilian employment. It is the most volatile sector. To forecast future construction activity, Building Permits provide an excellent leading indicator of future activity for the civilian sector and U.S. military construction contracts for the defense sector. The combined total of permits and contracts is a strong indicator of construction activity levels in the following year or two. The total has been running somewhat above \$500 million for a five year period each calendar year since 2010. However, the total plunged from \$614.2 million in 2014 to \$385.6 in 2015, a 37 percent drop. Construction activity as measured by gross receipts tax collections dropped by ten percent in FY 2015. This was due to a combination of the completion of a number of major multi-year construction projects and the reduction in permitting and contracting of new projects. Major projects that were completed during 2015 include the Dusit Thani Hotel, the Guam Regional Medical City Hospital, the Port Authority of Guam's \$50 million Commercial Port Improvement Program and the A.B. Won Pat Guam International Airport Authority \$70 million runway extension project. While a temporary dip is expected due to the reduction in 2015 permits and contracts, the dip in construction will be much less than that of the permits and contracts as prior year multi-year projects will continue to fill the gap and new projects will come online soon.

Building permits and construction contract data provide the most immediate leading indicator of construction projects ready to proceed and construction activity in the following years. Projects not yet contracted, but which are likely to be awarded by the Department of Defense in FY 2016 with continuing construction work in FY 2017 are as shown in the following tables published in the Marianas Business Journal December 28, 2015. These projects total \$277 million.

In addition to these projects listed above, the sum of a number of projected Request for Proposals (RFP's) for military facility sustainment restoration and modernization in fiscal year 2016 range from \$46.0 to \$92.8 million.

Often, the procurement process for construction projects can add considerable delay in the project's commencement. The Department of Defense already has a number of contracting awards in place from which specific construction project task orders can be awarded. Substantial additional contracting authority is planned in 2016 according to the following schedule. The multiple award contracts are not primarily for specific projects but provide contracting authority under which task orders can be later issued for specific projects. Having the contracting authority in place should expedite future project awards.

Another leading indicator of future construction activity, although not as immediate as the permits and contracts, is appropriations or other funding sources.

Appropriations for U.S. DOD Military and Civilian Infrastructure, both U.S. and Japan government funded are shown in the table below. While the U.S. appropriations levels have dropped in the latest two years, there is well in excess \$1 billion in Japanese appropriations available for contracting. The prior hold on their use has been released in budget authorization legislation, now public law.

## **PUBLIC FINANCING AND INFRASTRUCTURE**

A leading indicator of Federal construction is contained in the appropriations. For the Government of Guam, since most of the major construction projects are bond or grant funded, a leading indicator of future construction is the availability of funds realized from bonds and other sources. Major Government of Guam projects for which funding has been obtained are underway and for those for which funding is planned are listed in the following table.

# GENERAL GOVERNMENT

Our relatively young government continues to mature into a government with a voice that declares with clear intent the direction we the people want it to move.

After decades of being left to the winds of change, blown in one direction then another at the political whims of others, we are coming into our own. We are bringing the discussion of self-determination to our schools and helping our children understand how important it is to know what it is we want of ourselves, so that we can start demanding it of those around us.

Today, we strive to build a Government of Guam founded on the strengths of our community, a government that responds to the needs of her people. But we also seek to empower our people to take part of the process, it's a messy process Democracy, but it is a government that allows us to agree to disagree and then continue to build a community that will support generations of Guamanians to come.

Inevitably, the entire government can rise or fall with the successes and the failures of its leadership. An investment into our island's executive branch is an investment into the safety of our communities, the health of our people, and the new work on village roads.

In the first term of the administration, we had to focus on correcting our financial ship. The situation we walked into was even more deplorable than we initially imagined. We started paying what was owed to our people, beginning with more than \$300 million in tax refunds that were more than two, three, even four years late. In this first year of the second term, we've been focused on rebuilding, though we've hit substantial roadblocks from the Legislature and the other naysayers who have more of a crab-in-a-bucket mentality than the spirit of inafa'maolek. Despite their negativity, we persevere and work towards strengthening your government.

Some of the largest issues we've been facing, not just as an island or as members of the United States of America, but as members of this global community are the results of global warming and rising sea levels. We anticipate seeing increased migration as our fellow islanders are forced out of their homes, left with no choice but to seek somewhere new to live.

# GENERAL GOVERNMENT

(CONTINUED)

While we continue to welcome our brothers and sisters in their time of need, we also have to bolster our own infrastructure so that we're not inundated. We have to be able to provide for our growing community, and do so from a position of strength not a harried effort to add teachers, hire nurses, and provide other assistance. On this front, we have a new Climate Change Office that is bringing together existing resources from various offices. This office is liaising between Adelup and the Department of the Interior's Office of Insular Affairs, as well as with local and federal offices to help secure funding that address climate change and related issues to Guam.

While federal funding helped pay for much of our road construction projects, your local government was able to purchase necessary equipment to fix village road projects. Village roads from Dededo to Maite to Merizo have been resurfaced, and that work will continue, and hopefully expand, with the support provided by this budget.

# OFFICE OF I MAGA'LAHEN GUÅHAN AND I SEGUNDU NA MAGA'LAHEN GUÅHAN

The Office of I Maga'lahaen Guåhan and I Segundu na Maga'lahaen Guåhan, the Governor and Lieutenant Governor of Guam respectively, provides executive direction and develops policies and priorities to enhance government operations, and provides general supervision and control of all departments, bureaus, agencies, and other instrumentalities of the executive branch. Programs administered include Executive Direction, Government House, Washington Liaison Office, Medical Referral Offices, I Segundu na Maga'lahaen Guåhan, Governor's Community Outreach Federal Programs Office, Guam Military Complex, Guam Homeland Security Office, and the Guam State Clearinghouse. Recently, Public Law No. 28-46 transferred the Office of Veterans Affairs and the Office of Civil Defense, as offices within the Office of I Maga'lahaen Guåhan.

# REVENUE & TAXATION

The Department of Revenue and Taxation’s primary function is to enforce local tax laws and collect revenues generated from the various taxes levied on Guam. It maintains financial integrity and viability through an equitable system of tax and revenue collections. The Department provides timely tax data, minimizing the amount of delinquent taxes, thus reducing the recording and processing time for payments received. It protects the general public from unethical and/or unfair business practices through the enforcement of local and federal licensing, examination and registration laws. In addition, the Department is responsible for the administration of the Guam Passport Office.

# PROTECTING OUR FAMILIES & COMMUNITY

*I*n our culture, there is nothing so precious as our children and our family. We protect them from the horrors of the world, and work hard to give them everything they need to be happy, healthy and safe.

In these last few years, we have hired more police officers. The effort was important enough for us that we found a way to do this even as the fiscal team sought to dig our finances out of the pit they were in. We also took it upon us to make good on promises to pay police officers their promised compensation, paying not just what they should have been earning but what they were supposed to have been earning for years even before the start of the Calvo-Tenorio Administration.

We invested into our police force but also sought to empower the members of our community. Taking the lead, Lt. Governor Ray Tenorio started taking the Neighborhood Watch islandwide. Together with the Chief of Police, the Lt. Governor walked through island villages to encourage people to participate in a program that promotes the idea of building a stronger community and tightening the bonds between neighbors.

Our fire stations are also in better shape today, better equipped to respond to emergencies. Island residents can rest easy knowing that we have an ample number of ambulances and a fire truck at each fire station — a first in many years for us.

This mentality of protecting our families and our community at large also supports a robust visitor industry. For many, particularly those who are traveling with their children or their elderly parents, safety is a large factor in choosing a vacation destination. In supporting our safety agencies, we illustrate our intent to safeguard our families, our neighborhoods, our island home and our guests.

# CORRECTIONS

The Department of Corrections shall protect the public from the destructive action of law offenders by operating a safe, secure, humane and efficient corrections system, and provide staff services for the Judiciary, the Parole Board, Probation Officers, and interested agencies of the Executive Branch. It provides custodial care to prison inmates, and the parole and detainee population in accordance with judicial disposition. Custodial care is provided for inmates' on-island and off-island and includes services for rehabilitation, security, transportation, and treatment. The Department also makes recommendations for the potential release of inmates to the Territorial Parole Board.

# GUAM ENVIRONMENTAL PROTECTION AGENCY

The Guam Environmental Protection Agency serves to protect the island’s natural land, water and air resources. It implements environmental programs relative to safe drinking water, water and air pollution control, solid and hazardous waste management and pesticide enforcement. The Agency also provides environmental planning, review, and evaluation of projects in addition to monitoring services such as field and laboratory support for regulatory purposes. Through an Executive Order, it supervises the Guam Energy Office (GEO), a one hundred percent (100%) federally funded program.

# A HEALTHY GUAM “PUBLIC HEALTH”

The government’s investment in our healthcare system is among the most important steps to ensuring our community is able to move forward. The care has to be holistic, to include each person’s physical and mental health.

The Government of Guam’s health insurance program has changed and grown in a continued effort to fit the needs of our community. It has become an example in the community, providing discounted or free membership to local fitness centers and helping to encourage employees and their families to lead healthier lifestyles.

But not everyone can afford health insurance, and certainly those who are without insurance or who are under-insured need the government’s support for preventative care as well as care for illnesses. This is why various health programs exist, to ensure everyone has access to the medical care they need.

There also are many vulnerable Guamanians addicted to alcohol, drugs and other substances. These addictions are at the center of a steady downward spiral of individuals and eventually their families, and their communities. It can be difficult to deal with these addictions on your own — even the person who is surrounded by the most loving family. Help from a professional can provide the needed guidance and confidence boost to propel someone caught in the web of addiction.

People who live with behavioral health problems also deserve our care and support. The government has a duty to provide the help they need so they can live as independent lives as possible, with the level of freedom that allows them to focus on their abilities with pride and dignity.

Investments have been made over the course of the last several years by this administration to help with education, prevention and treatment programs. Community health centers bring much-needed care directly to our people. The Department of Public Health and Social Services (DPHSS) continues to bring hot meals to seniors, help people quit smoking, promote nutrition and healthy lifestyle education to our entire community. DPHSS provides a host of health services to our medically indigent population, including dental care, prevention of sexually transmitted diseases, and immunizations.

DPHSS workers also take care of important regulatory functions that protect the health and well-being of all our families, such as inspecting school cafeterias, restaurants and businesses; monitoring and investigating communicable diseases and issuing health certificates to government and private-sector employees; and issuing health, death and marriage certificates.

# GUAM BEHAVIORAL HEALTH AND WELLNESS CENTER

The Guam Behavioral Health & Wellness Center (GBHWC) is responsible to provide mental health services for clients suffering mental disorders, emotional disturbances, behavioral problems, familial dysfunctions, and drug and alcohol abasements. It maintains residential and day treatment services under Guma Man Hoben, Guma Ifil and New Beginnings programs. The Department, under Executive Order No. 2008-25 became the primary agency to manage the Level of Care and Guma Bethesda programs which were transferred from the Department of Integrated Services for Individuals with Disabilities. It also operates an acute psychiatric inpatient facility, provides emergency consultations to related agencies and clinics, offers a 24-hour telephone crisis intervention to all island residents, and provides educational training for mental health and drug prevention and abuse programs.

# PUBLIC HEALTH & SOCIAL SERVICES

The Department of Public Health and Social Services provides programs and services in the areas of environmental health, public health, public welfare and senior citizens. It ensures the public protection through preventive measures against unsanitary conditions. The Department ensures the provisions of direct and indirect health care services such as dental, hearing, speech and nutritional health. It also promotes positive social conditions for the economically and socially disadvantaged by providing financial and medical services, such as in its administration of the Public Assistance, Food Stamp, and Medicaid programs. Additionally, it administers the State Plan on Aging program tailored for the elderly sixty (60) years and older.

# EQUAL ACCESS TO HELP YOU NEED “COMMUNITY SERVICES”

*The* ability to take care of ourselves and our families, to live with a sense of independence and dignity, is more than just a point of pride for the people of Guam. Rather it is an inherent need embedded within us. The road to independence often is wrought with challenges, however.

The government understands these challenges and provides services that support our families and a stronger community. There are government-based programs aimed at helping people with disabilities, ensuring they get the guidance and education they need to live lives of independence and dignity.

Investments that have been made through the course of this administration range from rehabilitation services, holistic health services for our children, and independent living services for persons with special needs. The goal of these government programs is to promote the full continuum of lifelong programs for the mentally and physically disabled.

The Department of Integrated Services for Individuals with Disabilities (DISID) provides disabled members of our community with special programs and services to include the evaluation, enforcement, and compliance of programs made readily available to them. Another helpful program is the Aging and Disability Resource Center for senior citizens.

DISID was established by the government under the Permanent Injunction in compliance with the American with Disabilities Act, as amended also to operate and train individual with disabilities on the use of adaptive technology. DISID also works closely with the Department of Education to help children with disabilities learn to use technology to build successful futures, in turn, giving parents a sense of security in knowing their children have the support of the community.

# INTEGRATED SERVICES FOR INDIVIDUALS WITH DISABILITIES

The Department of Integrated Services for Individuals with Disabilities (DISID) provides disability assisted services to individuals with disabilities through a full continuum of lifelong programs and services by promoting independence and productivity for introduction into the community. To provide this continuum of care, it continues to build partnerships with local and Federal governments, as well as recognize the efforts of all organizations and agencies associated with providing quality services to individuals with disabilities.

# GETTING PHYSICAL, SUPPORTING OUR ATHLETES “RECREATION”

Recently, the global athletic community has been looking more at Guam. Our island has had many outstanding athletes, who over the decades have illustrated the level of talent and drive required to compete at regional and global levels. These last few years, however, more and more of our athletes are capturing the attention of the world. Moreover, our multi-disciplined competitions, 5Ks and marathons, and biking events are expanding our footprint in global competitiveness.

The government is tasked with administering programs of Guam’s historic sites, parks, and recreational facilities. These facilities include public beaches, parks, pools, village recreations centers and playgrounds, and World War II fortifications and other historic landmarks. All of these facilities promote healthy lifestyles for all Guamanians, encouraging them to exercise, celebrate as families, friends and community groups to engage in activities that promote health and well being.

The goal is to promote athletic activities in our community and physical education among our youth. We have many talented and passionate coaches, supporters and event coordinators who help boost the many programs, and even creating new ones, to reach out to everyone in our community.

The people at the Department of Parks & Recreation (DPR) have always managed to support athletes, young and old, with various programs despite their limited resources. Working with mayors, non-profit organizations and a multitude of volunteers from the local and military community. DPR has built and expanded recreation opportunities and activities that foster an active healthy community.

The health and wellness of our island community extends beyond our bodies. From individuals to student groups, from civic organizations to military commands, community partners have helped DPR maintain local parks. This has allowed Park Rangers to focus on preventing vandalism, illegal dumping, and other criminal activities.

Funding this agency is an investment in protecting our island’s history and resources so that future generations of Guamanians can learn from our past, enjoy the land and beaches that are integral to the local culture. Having various recreational facilities provides affordable athletic alternatives to our families who cannot pay for gym memberships. It also gives our athletes the tools for training and competition at local, regional and global levels.

# PARKS & RECREATION

The Department of Parks and Recreation’s primary mission is to protect and enhance designated parks, recreation facilities, and areas for the enjoyment of the island community. Its major activities include the administration, acquisition, design, development, operation, maintenance, and protection of all park areas on Guam. Additionally, its historic resource activities include the preservation, identification, survey and inventory of properties of historical value. The Department coordinates recreational activities such as leagues and tournaments, health and fitness programs, special events, and provides lifeguards and other recreational services. It also provides memorial services for three (3) public cemeteries. Lastly, the Department employs Park Rangers who are responsible for the enforcement of all park and civil regulations, the dissemination of park information and the protection and assistance to all park visitors and vendors.

# INDIVIDUAL AND COLLECTIVE RIGHTS

For about 500 years, Guam and her people have been living with an occupying force of a power global nation. Before the island was “discovered”, there were a system of government, and the Chamorro people had a sense of self in who they are and their place in this world. In the latter half of this past millennium, however, that sense was lost.

In the last few decades, since gaining a level of self-governance, our community has matured and with each year there’s a renewed determination to come together to address our political status. It is necessary as we plot our future.

Currently, we aren’t treated the same as other jurisdictions across the United States. Our ability to govern ourselves, regulate our taxes, and execute the rules of law that guide our everyday lives are limited to what is deemed permissible by people who don’t live on Guam. And what’s more, the number of people in Congress and Washington D.C. who are familiar with Guam and her history, as well as the injustices forced upon her people, is waning. Younger statesmen, many of whom haven’t even heard of Guam, are taking up the leadership roles in Washington D.C.

For years we have wondered about the possibilities that would open to us as an independent nation, as a part of or simply a friend of the United States.

This is why it is important for our government to step up and empower the people, to educate the next generation of Guamanians. With this renewed sense of self, we can break the shackles of inequality and see progress as we prescribe it to be — socially, politically and economically.

The agencies in this portion of the budget have a supporting role in promoting the individual rights of our people, and our collective rights as a people.

The Commission on Decolonization is tasked with educating the island on the importance of self-determination, educating our people and others of this critical matter and holding a plebiscite vote on the issue. Monies in fiscal 2016 helped fund discussions among our high school students them understand the options we have in determining our political status; and the positive and negative of each of those options.

The Guam Election Commission provides members of the voting public with one of the most important responsibilities as residents of our island and contributing citizens of our growing and changing community. The Commission ensures the fair and impartial elections for critical leadership positions, including Governor and Lieutenant Governor, Senators, Mayors,

# INDIVIDUAL AND COLLECTIVE RIGHTS

(CONTINUED)

Attorney General, Public Auditor, education board members, and utility commissioners.

The Department of Labor has critical regulatory functions that protect employees and employers from unfair treatment and misapplication of labor laws. These roles include investigating workman's compensation fraud claims, monitoring foreign employment, protecting the interests of local workers, protecting employees from discrimination in the workplace, and enforcing wage and other labor standards on island.

The Department of Military Affairs ensures that our citizen soldiers and Airmen are treated with the respect they deserve as heroes. With the help of the administration, the Guam Community College, and other community partners, the Keep your Guard Up! initiative has helped many soldiers and airmen secure meaningful employment for our soldiers returning from deployment without civilian jobs. Funding this critical department will ensure that support services continue to be provided to our heroes before, during and after their service to our island and country.

# COMMISSION ON DECOLONIZATION

---

The Commission on Decolonization was created for the implementation and exercise of Chamorro Self-Determination. It is tasked to ascertain the desire of the Chamorro people of Guam as to their future political relationship with the United States of America. Once the desire of the Chamorro people of Guam is ascertained, the Commission shall transmit that desire to the President and Congress of the United States and the Secretary General of the United Nations. The Commission has created three (3) Task Forces comprising of the political status options for Guam including the Independence, Free Association and Statehood Task Forces.

# QUALITY EDUCATION FOR ALL “EDUCATION”

The ancients understood the importance and the value of knowledge. On Guam and in our neighboring cultures, our ancestors educated younger generations in the crafts that would help them survive and thrive. They passed knowledge to their children in the form of stories teaching lessons that would guide their interactions with each other, and improve their ability to contribute to a strong community.

They understood that education is a necessary part of life. Only recently, have we begun to understand that education is our greatest gift to our children — it is a tool for growth and success, it is a way to help them understand where they come from so they can chart their course to a great destiny, and it is their greatest weapon against poverty and oppression.

Education isn't relegated to the confines of a classroom. It is found in documentarians, historians, cultural story tellers, research papers, and the kitchen tables of homes around the island where parents help their children with homework assignments and science projects. It is our duty to quench the thirst for knowledge of our people, whether they are children who are curious about the world, driven students, or devoted scientific and cultural researchers.

In 2016, we are welcoming thousands of people to Guam as hosts of the Festival of Pacific Arts and Culture. The Guam Department of Education has taken up this opportunity and teachers of culture, social studies, arts and their students are participating in programs as well as hosting various groups from visiting countries. It is important that we continue to provide our education community with these types of opportunities.

Our investment in this budget will continue the work that several key agencies have been doing these last five years. The Calvo-Tenorio Administration is, at the time of this message, completing the renovations of an old Hagåtña library, continuing the efforts to renovate and modernize public schools, and create outreach activities that engage children, manamko, and families.

PBS Guam broadcasts education programs for children and adults. Our public broadcasting company also produces local shows that perpetuate our history, culture, and heritage.

# GUAM EDUCATIONAL TELECOMMUNICATIONS CORPORATION (PBS GUAM)

---

The Guam Educational Telecommunications Corporation (PBS Guam), formerly KGTF, focuses on reinforcing the educational process by providing cultural, instructional and informational television programs that benefit the residents of Guam. It achieves this through locally produced shows and other national educational programming.

# SUSTAINING A DEVELOPING AND GROWING ECONOMY

*J*ust as our government has matured and we have gained a better understanding of our place and role in the politics of the world, so too has our island's economy grown and our knowledge of what is required to sustain our people. We recognize that a strong economy requires research and planning for the island to build a strong and sustainable economy. Such planning can take years and requires the support and input of professionals from a variety of disciplines.

We have seen the problems that arise when a government fails to plan ahead. It is roads without sidewalks, or sidewalks that are built around power poles because leaders of yesterday didn't consider a growing population that required wider roads. Failing to plan results in misguided policies that aren't guided by environmental, financial and safety data. Basing policies, plans, and programs on statistics and the vision of our people will benefit our island and future generations of Guamanians. For example, if we know how many people are looking for jobs, or what profession or trade employers have a tough time recruiting then we can create programs that help people get the training they need to get a job while also filling the needs of employers.

The Bureau of Statistics and Plans (BSP) researches and publishes the Guam Statistical Yearbook, Consumer Price Index, the statistics on Import and Export Trade Data, and Population and Housing Units, which helps Guam track the trends of our growing population. These reports track the economic and social trends of our island, and more importantly, respond to those needs in a deliberate and measured plan of action.

BSP also compiles and submits an Annual Compact Impact Report for the U.S. Department of the Interior. This report underscores the need for increased federal funding in critical areas such as healthcare, public safety, education and social services to support the growing migrant population from the Freely Associated States. These reports are used to properly plan and allocate local funds to support the entire island of Guam – particularly in priority areas of education, safety and health.

For centuries, the people of Guam have lived off the land and waters surrounding the island. This type of lifestyle has decreased with the westernization of our society. But there is a resurgence of farming and fishing as people seek healthy and less expensive alternatives that are reliant on the economies and climates of other lands. Supporting commercial farming and fishing can help provide more jobs for our people while also encouraging a healthier diet. Part of BSP's mission is to

# SUSTAINING A DEVELOPING AND GROWING ECONOMY

(CONTINUED)

protect our environment with education and planning. In the past, because of improper planning, species have been introduced to control the population of an invasive species or to fill the role of an extinct native species.

The Department of Agriculture, in particular, enforces important federal and local laws, that aim to protect the ecosystem and community. Agricultural workers help protect the island from stray dogs, sustain the population of endangered species, and provide assistance to farmers and fishermen.

Investing in these agencies will help us plan for the future, and ensure the work being done today is a foundation, and not a folly, to the future.

# BUREAU OF STATISTICS & PLANS

The Bureau of Statistics and Plans provides technical assistance and support in an effort to integrate and coordinate all levels of planning relative to socio-economic, coastal management, geographic and planning information systems. It facilitates the creation of a comprehensive planning process that addresses the long-range development of the island. The Bureau also ensures consistency among plans, policies, and programs, through assessment of each individual scheme and its place in the overall comprehensive development plan.

# AGRICULTURE

The Department of Agriculture ensures the development, conservation, and productivity of the island’s agricultural sector, including the livestock, forestry and commercial fishing industries. It assists farmers and others engaged in agriculture, mariculture, and aquaculture. Other functions involve the provision of equipment subsidies, spraying services and technical assistance. The Department promotes forestry, soil, and water resource conservation practices; provides seedlings and fruit trees through its plant nursery program; enforces conservation laws against illegal hunting or fishing; and implements animal health programs.

<b>EXECUTIVE BRANCH</b>		
<b>GENERAL GOVERNMENT</b>		
<b>OFFICE OF I MAGA'LAHEN GUAHAN:</b>		
Executive Direction	Organic Act of Guam; 5 GCA Ch. 1 & 2; Presidential E.O. No. 12372; P.L. Nos. 17-25 and 28-46	The Office of the Governor, specifically under Executive Direction, provides general supervision and control of all the departments, bureaus, agencies, and other instrumentalities of the Executive Branch; the execution of the laws of Guam and the laws of the United States applicable in Guam; provides policy direction, formulates regional policies, files reports with the Guam Legislature and the Federal Government, and through the Lieutenant Governor's Office, is a State Clearinghouse for all federal grants-in-aid programs for Guam.
Guam Liaison Office - Washington, D.C.	Organic Act of Guam; 5 GCA Ch. 1	The Guam Liaison Office in Washington, D.C. maintains an effective line of communication with the Governor's Office by providing updates of congressional and federal activity, briefings on specific subject matters, act as a liaison to the National Governors Association (NGA), the Western Governors Association (WGA), the Interagency Group on Insular Areas (IGIA), and work with other states, territories, and Guam agencies to ensure that Guam's priorities are considered in the organization's resolutions and legislative policies.
Government House	Organic Act of Guam; 5 GCA Ch. 1	The Government House serves as the official residence of the First Family, therefore, it is responsible for hosting guests such as visiting heads of states and holding official functions for local and off-island dignitaries. The Government House serves as a meeting place and public facility for receptions held by various government agencies, local non-profit organizations, and private parties.
Governor's Community Outreach Federal Programs Office (GCO-FPO) - S.T.O.P. Violence Against Women Formula Grant Program	Reauthorized on January 05, 2006 by the Violence Against Women Act of 2005 (VAWA 2005); 42 U.S.C. 3796gg - 3796gg-5 (OVW - STOP Formula)	The S.T.O.P. Program continues to encourage the development and implementation of effective, victim-centered law enforcement, prosecution, and court strategies to address violent crimes against women and the development and enhancement of victim services in cases involving violent crimes against women. It envisions a partnership among law enforcement, prosecution, courts, and victim services organizations to enhance victim safety and hold offenders accountable for their crimes against women.
Governor's Community Outreach Federal Programs Office (GCO-FPO) - Sexual Assault Services Program (SASP)	Created by the Violence Against Women (VAW) and Department of Justice (DOJ) Reauthorization Act of 2005 (VAWA 2005), 42 U.S.C. § 14043g.	The Sexual Assault Services Program (SASP) is the first federal funding system solely dedicated to the provision of direct intervention and related assistance for victims of sexual assault. Overall, the purpose of SASP is to provide intervention, advocacy, accompaniment, support services, and related assistance for adult, youth, and child victims of sexual assault, family, and household members of victims, those collaterally affected by the sexual assault.
GCO-FPO - Safe Havens: Supervised Visitation & Safe Exchange Grant Program	42 U.S.C. 10420; Violence Against Women Act of 2000	This is a two-year pilot program under the Violence Against Women Act of 2000 to increase supervised visitation and exchange options for families with a history of domestic violence, child abuse, sexual assault, or stalking. Projects funded under the Supervised Visitation Program must demonstrate expertise in the area of family violence, provide a sliding fee scale for clients, demonstrate adequate security measures, and prescribe standards and protocols by which supervised visitation or safe exchanges will occur.
Guam Medical Referral Office	§ 1103 of Ch.1, 10 GCA; P.L. Nos. 19-43 and Nos. 21-136/7	The Guam Medical Referral Office provides assistance to patients and their families who are sent off-island to the mainland (Hawaii or California) or the Philippines for medical treatment. The office serves all residents of Guam, not just the medically indigent, by obtaining appropriate medical treatment as well as housing and transportation through a service contract for each of the off-island treatment locations.
Office of Homeland Security and the Homeland Security Advisory Council	U.S P.L. No. 108-7 and 108-11; CFDA No. 16.008; E.O. 2003-13	In accordance with the homeland security responsibilities imposed upon the Governor by the President of the United States and federal law and regulation, the mission of the Office of Homeland Security (OHS) is to develop and coordinate the implementation of a comprehensive plan to protect Guam and its people from terrorism, invasion, insurrection, rebellion, lawless violence or the threat thereof. The Homeland Security Advisory Council is established to advise and assist the Governor, Lieutenant Governor and Homeland Security Advisor for Homeland Security with respect to all aspects of homeland security. The Council ensures the coordination of homeland security-related activities of executive departments and agencies and effective development and implementation of homeland security policies.

The GALC must verify and obtain all information of all the applications that were submitted and the staff must be qualified in carrying out the research and planning. The Commission also stands to obtain title to lands that are not privately owned and must develop the properties to their highest and best use in a Trust for the dispossessed original landowners and also heirs who are not getting their lands back. The Commission would not be able to accomplish its mission without proper research, planning and development.
Land Bank / Trust	21 GCA; P.L.25-45; P.L.25-178; P.L.26-36; P.L.28-133	Public Law 26-36 mandates that the Guam Ancestral Lands Commission (GALC) establish the Land Bank by the end of the 2004 Fiscal Year. GALC created the Land Bank Sub-Committee to oversee the establishment of all administrative and legal requirements for the Land Bank and to review applications for the Land Bank properties with a recommendation to the Commission for action. The Land Bank Sub-Committee is a working Committee with the final disposition of all its recommendations requiring the approval by the Commission. All properties within the GALC inventory that are clearly government property have been identified and placed in Trust to fulfill statutory mandates of the Land Bank, as contained within PL 25-45. This Trust has been recorded with the Department of Land Management. GALC is working closely with the Guam Economic Development Authority to develop Request for Proposals (RFP) so that the highest and best usage is obtained with properties contained in the Land Bank Trust.
Provisional Commission	21 GCA; P.L.25-45; P.L.25-178; P.L.26-36; P.L.28-133	Pursuant to P.L. 28-133, a Provisional Commission for the Zoning of Ancestral Lands, referred to as the "Provisional Commission", was established to include the Executive Director of GALC, the Director of Land Management, the Administrator of Guam Environmental Protection Agency, the Director of Agriculture and the Director of Bureau of Statistics and Plans. 5           agreements with textbook vendors, defer payment for said materials until after October 1, 2017, but *no*  
6           *later than* December 31, 2017, with the full faith and credit of the Government of Guam.

7           (b) The Superintendent of GDOE *shall* order materials funded by this Section for Fiscal Year  
8           2017 *no later than* March 1, 2017. The Bureau of Budget and Management Research *shall* release such  
9           allotments as are necessary to ensure that said materials are ordered by March 1, 2017. The  
10          Superintendent of GDOE *shall* receive said materials and distribute them to schools *no later than* thirty  
11          (30) days before the start of the school calendar established pursuant to §4111 of Title 17 of the Guam  
12          Code Annotated. All funds appropriated for said materials *shall not* be used for any other purpose.

13          (c) On the first (1<sup>st</sup>) day of each quarter of Fiscal Year 2017, the Superintendent of GDOE  
14          *shall* provide to *I Maga'lahren Guåhan* and the Speaker of *I Liheslaturan Guåhan*, and post on the  
15          GDOE website, a detailed report regarding all receipts and expenditures for textbooks, e-book readers,  
16          and collateral classroom instructional materials, to include software, sheet music, and music books. Said  
17          report *shall* be accompanied by the certified list of textbooks approved by the Guam Education Board  
18          (GEB) and all purchase orders issued. The report *shall* summarize:

19                  (1) Purchases by allotment account number, unit cost, and the total cost of books  
20                  charged against an appropriation account, the vendor, quantity, title, copyright date, and International  
21                  Standard Book Number (ISBN) of books ordered, the allocation of such books by school and grade,  
22                  whether books are for teachers or students, and whether books are textbooks or e-books; and

1           (2) Other information that may be useful *or* that is requested by *I Liheslaturan*  
2 *Guåhan* regarding the funds appropriated and authorized herein. Non-compliance with these reporting  
3 requirements by the Superintendent of GDOE *shall* result in the sanctions and penalties imposed by this  
4 Act.

5           **Section 10. Summer School Fund.** From the Summer School Fund established pursuant to  
6 §6119 of Article 1, Chapter 6, Division 1 of Title 17 of the Guam Code Annotated, such sums as are

1 **CHAPTER IV**

2 **MISCELLANEOUS PROVISIONS**

3 **Section 1. Retirement Option for Government of Guam Employees.** A member of the  
4 Government of Guam Retirement Fund who is eligible for retirement may retire upon the complete  
5 remittance of his outstanding individual contributions to the Fund, including the employee and employer  
6 retirement contributions. Any and all fees, interest at actuarial rates, and penalties required by the  
7 Government of Guam Retirement Fund *shall* be paid by the Government.

8 This Section *shall not* restrict the continuing remittance of existing Retirement Fund  
9 contributions as required by law *or* by the Government of Guam Retirement Fund. By the fifteenth  
10 (15<sup>th</sup>) day of each month, the Director of the Government of Guam Retirement Fund *shall* provide a  
11 detailed report to the Speaker of *I Liheslaturan Guåhan* regarding said remittances and the number of  
12 retirements pursuant to this Section during the previous month. Nothing herein *shall* be construed to  
13 abrogate any provision of §8137(h) of Chapter 8, Title 4 GCA.

14 **Section 2. Government of Guam Health Insurance Program Enrollment for**  
15 **Employment Pursuant to §8121(a), Article 1, Chapter 8, Title 4 GCA.** Any employee hired  
16 pursuant to §8121(a), Article 1, Chapter 8, Title 4 GCA *shall only* be eligible to enroll in the  
17 Government of Guam Health Insurance Program as an active employee.

18 **Section 3. Volunteers and Donations for Skinner Plaza, Plaza De Espana and Guam**  
19 **Congress Building.** The Executive Director of *I Liheslaturan Guåhan* may receive donations,  
20 including, but *not* restricted to, donations of goods, materials and services, for the purpose of  
21 maintaining and renovating Skinner Plaza, the Plaza De Espana, and the Guam Congress Building (also  
22 known as the Old Legislative Building).

1           **Section 4.     Temporary Employment of Retired Corrections Officers.** The Department of  
2 Corrections (DOC) may hire retired Guam Corrections Officers *if* a critical need arises. Retired  
3 corrections officers hired under this Section may receive their retirement annuity while employed on this  
4 temporary basis. Officers may *only* be hired under this Section to fill positions left vacant because of  
5 military activation of corrections officers, *or absence* of a DOC employee due to a long term disability  
6 status which has been certified by a medical doctor. The DOC may exercise this hiring authority  
7 *provided* its authorized budget for personnel is *not* exceeded in filling those positions and *shall* be  
8 terminated when the incumbent returns from military service. Retired officers may be hired *only* in the  
9 ranks of Corrections Officers Supervisor I and below, *only* at Step 1, and *shall not* receive sick and  
10 annual leave. Officers hired under this section *shall* meet requirements for the position in question  
11 *except* for written examinations and the Director of Corrections *shall* certify that every retiree hired is fit  
12 for duty. Notwithstanding §8121(a) of Title 4 of the Guam Code Annotated, a retiree hired pursuant to  
13 this Section may continue to receive retirement benefits. Any employee hired under this Section *shall*  
14 *only* be eligible to enroll in the Government of Guam Health Insurance Program as an active employee.

15           **Section 5.     Temporary Employment of Retired Guam Police Officers.** The Guam Police  
16 Department (GPD) may hire retired Guam Police Officers *if* a critical need arises because of military  
17 activation of police officer, *or absence* of a GPD employee due to a long term disability status which has  
18 been certified by a medical doctor. The GPD may exercise this hiring authority *provided* its authorized  
19 budget for personnel is *not* exceeded. The retiree hired *shall* fill such a vacant position and *shall* be  
20 terminated when the incumbent returns from military service. Retired officers may be hired *only* at the  
21 ranks of Sergeant I and below, *only* at Step 1, and *shall not* receive sick and annual leave. Officers hired  
22 under this Section *shall* first meet the requirements, *except* for written examinations, for the position in  
23 question and the Chief of Police *shall* certify that every retiree hired is fit for duty. Notwithstanding

1 §8121(a) of Title 4 of the Guam Code Annotated, retirees hired temporarily pursuant to this Section  
2 hereto may continue to receive retirement benefits. The GPD may pay for Civilian Volunteer Police  
3 Reserve stipends to the Police Reserve Officer to provide temporary services because of military  
4 activation of the regular police officer. Any employee hired under this Section *shall only* be eligible to  
5 enroll in the Government of Guam Health Insurance Program as an active employee.

6 **Section 6. Temporary Employment of Retired Guam Fire Fighters.** The Guam Fire  
7 Department (GFD) may hire retired GFD firefighters *if* a critical need arises because of military  
8 activation of GFD firefighters, *or* absence of a GFD employee due to a long term disability status which  
9 has been certified by a medical doctor. The GFD may exercise this hiring authority *provided* its  
10 authorized budget for personnel is *not* exceeded. The retirees hired *shall* fill such a vacant position and  
11 *shall* be terminated when the incumbent returns from military service. Retired fire personnel may be  
12 hired *only* at the ranks of Fire Specialist and below, *only* at Step 1, and *shall not* receive sick and annual  
13 leave. Retired firefighters hired under this Section *shall* first meet the requirements, *except* for written  
14 examinations, for the position in question and the Fire Chief shall certify that every retiree hired is fit for  
15 duty. Notwithstanding §8121(a) of Title 4 of the Guam Code Annotated, retirees hired temporarily  
16 pursuant to this Section hereto may continue to receive retirement benefits. Any employee hired under  
17 this Section *shall only* be eligible to enroll in the Government of Guam Health Insurance Program as an  
18 active employee.

19 **Section 7. Temporary Employment of Retired Customs and Quarantine**  
20 **Officers.** The Customs and Quarantine Agency (CQA) may hire retired Customs and Quarantine  
21 Officers *if* a critical need arises as a result of military activation of Customs Officers, *or* absence of a  
22 CQA employee due to a long term disability status which has been certified by a medical doctor, *or*  
23 when vacancies *cannot* be filled within six (6) months because of the lack of qualified applicants. The

1 CQA may exercise this hiring authority *provided* its authorized budget for personnel is *not* exceeded.  
2 The retired officer *shall* fill such a vacant position and *shall* be terminated when the incumbent returns  
3 from military service, *or* when a fully-qualified applicant is available. Retired officers may be hired  
4 *only* in the ranks of Customs Officer III and below, *only* at Step 1, and *shall not* receive sick and annual  
5 leave. Retirees hired pursuant to this Section *shall* meet requirements for the position in question,  
6 *except* for written examinations, and the Director of Customs and Quarantine Agency *shall* certify that  
7 every retiree hired is fit for duty. The requirements of Chapter 51, Title 17 of the Guam Code  
8 Annotated, are waived for employment pursuant hereto *except* for §51104(b)(4). Notwithstanding  
9 §8121(a) of Title 4 of the Guam Code Annotated, retirees hired temporarily pursuant to this Section  
10 hereto may continue to receive their retirement benefits. Any employee hired under this Section *shall*  
11 *only* be eligible to enroll in the Government of Guam Health Insurance Program as an active employee.

12 **Section 8. Temporary Employment of Retired Department of Revenue and Taxation**  
13 **Employees.** The Department of Revenue & Taxation (DRT) may hire retired employees of the  
14 Department of Revenue & Taxation *if* a critical need arises, *or* absence of a DRT employee due to a long  
15 term disability status which has been certified by a medical doctor. The DRT may exercise this hiring  
16 authority provided its authorized budget for personnel is *not* exceeded in the areas of Tax Collection,  
17 Taxpayer Assistance, Tax Investigation, Auditing, and Tax Processing. Said retirees *shall* be hired at  
18 Step 1 for the position in question and *shall not* receive sick and annual leave. Notwithstanding  
19 §8121(a), Chapter 8 of Title 4 of the Guam Code Annotated, retirees hired temporarily pursuant hereto  
20 may continue to receive retirement benefits. Any employee hired under this Section *shall only* be  
21 eligible to enroll in the Government of Guam Health Insurance Program as an active employee.

22 **Section 9. Locum Tenens Exemption during the Absence of the Chief Medical**  
23 **Examiner.** The Office of the Chief Medical Examiner is exempt from the Government of Guam

1 Procurement Law in contracting for the professional services of a qualified medical examiner to be  
2 provided when the Chief Medical Examiner is absent from work.

3 **Section 10. Advance Payments for Medical Services.** In order to expedite acceptance of  
4 Medically Indigent Program (MIP) clients by facilities in California, Hawaii, or Manila for medical  
5 treatment approved by the MIP, the Director of Public Health and Social Services may advance  
6 payments for said medical treatment, and may establish escrow accounts for immediate and advance  
7 payment of medical treatment at those Joint Commission Accredited hospitals determined by the  
8 Director to be best able to serve Medically Indigent Program clients.

9 **Section 11. Transfer of Employees.** Notwithstanding any other provision of law, and in  
10 recognition of personnel shortages in certain areas, *I Maga'lahaen Guåhan* is authorized to transfer  
11 employees within *or* between any department *or* agency of the government of Guam, *except* that:

12 (a) This Section *shall not* apply to any employee of the Legislative *or* Judicial Branches, or  
13 any employee within the Mayors' Council of Guam and Village Mayors' Offices;

14 (b) The transfer of an employee *shall not* result in a loss of pay *or* salary;

15 (c) *No* employee *shall* be transferred if the employee has filed a viable grievance with the  
16 Civil Service Commission for discrimination based on political affiliation, gender, *or* sexual harassment,  
17 *unless* the employee consents to said transfer;

18 (d) No employee of an autonomous agency may be transferred to a line department *or*  
19 agency;

20 (e) *I Maga'lahaen Guåhan shall* transfer the funding authorized for that employee's position  
21 from the transferor agency to the transferee agency, including the Guam Memorial Hospital Authority,  
22 Department of Public Health and Social Services, and the Guam Behavioral Health and Wellness  
23 Center, *unless* the transfer is from a line agency to an autonomous agency; and

1           (f)     This Section *shall not* be used to transfer employees acting in good faith who report *or*  
2 expose bad business practices, illegal activities, *or* inappropriate conduct by public officials.

3           (g)     No employee who has filed a whistleblower complaint as provided for in statute shall be  
4 transferred, *unless* the employee consents to such transfer.

5           **Section 12.   Contracts.**   Positions in the classified and unclassified service *shall not* be filled  
6 pursuant to a contractual arrangement, *except* as provided in this Section for Fiscal Year 2017:

7           (a)     Subject to Chapter 5 of Title 5 of the Guam Code Annotated, Government of Guam  
8 departments and agencies may contract with independent contractors; *provided*, that no agency may  
9 contract for services customarily provided by employees in the classified service, *except* as provided by  
10 law.

11          (b)     Government of Guam departments and agencies that *do not* customarily obtain  
12 professional services, such as licensed health professionals, licensed architects, licensed engineers, legal  
13 services, actuarial services, and auditing services through an employee in the classified service in that  
14 department or agency, may contract to obtain such services.

15          (c)     The Office of the Attorney General and the Public Defender Service Corporation are  
16 authorized to contract with attorneys as independent contractors to provide services in areas in which it  
17 is impracticable or impossible for the office to proceed. Such contracts *shall* be in accordance with the  
18 procurement laws of Guam. No such independent contractor hired pursuant to this Section may receive  
19 from the government of Guam any remuneration in any form other than in payment for the position into  
20 which such person is hired. The Office of the Attorney General and the Executive Director of the Public  
21 Defender Service Corporation, and the Executive Director of Alternate Public Defender *shall* file a copy  
22 of every such contract with the Chief Procurement Officer and the Director of Administration together

1 with a written certification stating why it is impracticable to handle the matter within the office as  
2 otherwise constituted.

3 (d) This Section *shall not* apply to the Guam Department of Education; the University of  
4 Guam; the Guam Community College; the Unified Judiciary when filling positions of justices and  
5 judges pro tem, law clerks, and legal interns; the Department of Revenue and Taxation when filling the  
6 position of legal counsel; *I Liheslaturan Guåhan*; the Guam Memorial Hospital Authority; the  
7 Department of Public Health and Social Services and the Guam Behavioral Health and Wellness Center  
8 when filling positions of licensed health professionals.

9 (e) Any instrumentality of the government of Guam that fills any classified or unclassified  
10 positions by contractual arrangement in accordance with this Section *shall* file a copy of every such  
11 contract with the Chief Procurement Officer together with a written certification stating why it is  
12 impracticable to handle the matter within the instrumentality as otherwise constituted.

13 **Section 13. Authorization for Legal Services for the Department of Public Works, the**  
14 **Guam Building Code Council, the Contractors License Board, and the PEALS Board.** The  
15 Department of Public Works (DPW), the Guam Board of Professional Engineers, Architects, and Land  
16 Surveyors (PEALS), the Contractors License Board (CLB), and the Guam Building Code Council  
17 (GBCC) may enter into Memorandum of Understanding (MOU) to jointly fund an Assistant, Attorney  
18 General to specifically provide legal services to DPW, GBCC, CLB, and the PEALS Board *only*.  
19 Pursuant to the MOU, DPW, GBCC, CLB, and PEALS may jointly enter into an MOU with the Office  
20 of the Attorney General to provide such legal services. DPW, GBCC, CLB, and PEALS *shall* reimburse  
21 the Office of the Attorney General for such services in equitable proportions from their respective funds.

1           **Section 6. Independent Contractors.** The Office of *I Maga'lahi*, the Office of *I Segundu*  
2 *na Maga'lahen Guåhan* and the Guam State Clearinghouse may enter into agreements with independent  
3 contractors pursuant to Guam procurement laws.

4           **Section 7. Facilities Insurance Requirements.** Every department and agency of the  
5 government of Guam, through the Department of Administration, *shall only* expend such sums as  
6 necessary from the department or agency's appropriations for operations contained in this Act, for  
7 insurance of government-owned facilities, built or repaired with FEMA grant funds, where such  
8 insurance is required by FEMA.

9           **Section 8. Reporting Requirements for Non-Profit Organizations.** All non-profit  
10 organizations that receive funds pursuant to this Act *shall* maintain financial records that accurately  
11 account for said funds and *shall* provide a budgetary breakdown by object category to the department *or*  
12 agency that oversees the appropriation. The non-profit organization *shall* also provide to said  
13 department:

- 14           **(a)** A quarterly report describing its activities during the reporting period and the results it  
15           achieved *no later than* twenty (20) days after the end of each quarter;
- 16           **(b)** Notification of all procurement of equipment and services of Five Thousand Dollars  
17           (\$5,000) *or* more prior to awarding the contract therefore;
- 18           **(c)** Access to the overseeing department *or* agency's duly authorized representative, and  
19           Government of Guam auditors, to appropriate records for the purpose of audit and  
20           examination of books, documents, papers, and records of funds expended under the  
21           appropriation;
- 22           **(d)** Submission of a detailed inventory listing of each year's purchases, as certified by its  
23           certifying officer;

1 (e) A Final Report to the overseeing department *or* agency for submission to *I Liheslaturan*  
2 *Guåhan* containing a full disclosure of all expenditures of funds appropriated by this Act  
3 *no later than* November 15, 2017, for Fiscal Year 2017. The overseeing department *or*  
4 agency *shall* post the same on its website; and

5 (f) Non-compliance with these reporting requirements will subject the non-profit  
6 organization to a three percent (3%) reduction of its appropriation(s) and the overseeing
