Dear Speaker Won Pat:

Attached is the Government of Guam Combined Comparative Statement of Revenues which include revenue totals for the months of October 2009 through August 2010, in partial fulfillment of Chapter XIII, Section 5 of Public Law 30-55.

Consistent with the FY 2009 auditors adjustment for Making Work Pay Credit (MWPC) reimbursements, the Department of Administration made the same adjustment for MWPC reimbursements received in FY 2010 and is reflected again in the August 2010 Revenue Statement. As a result, the monthly revenue tracking, which up to this point was driven by collections which the adjustment has now taken out of the equation, can no longer be produced with any degree of reasonableness or accuracy for the balance of the fiscal year. However, the Government of Guam Combined Comparative Statement of Revenues produced by the Department of Administration showing actual monthly collections will continue to be reported and posted on the BBMR website during the remaining months of the fiscal year.

The General Fund continues to experience a decline in revenue collections in FY 2010. Pursuant to Title Pursuant to Title 5 GCA, Chapter 4, Section 4109(f) which states, in part, "...If said Directors determine that projected fiscal year revenues, based on actual revenues collected, are three percent (3%) or more less than revenue projections adopted by the annual budget Act, I Maga'lahaen Guahan shall submit to the Speaker of I Liheslaturan Guahan a Fiscal Realignment Plan that shall address the revenue disparity. Said Plan may include, but is not limited, to cost containment and austerity measures....". BBMR Circular 10-01 dated September 18, 2009, imposed a 3% reserve on General Fund appropriations in FY 2010 This is on top of the expenditure cap of 98% mandated in P.L. 30-55.

Should you have any questions, please do not hesitate to call me.

Sincerely,

BERTHA M. DUENAS
