HONORABLE THERES M. TERLAJE, Speaker
I Mina'trentai Sais Na Liheslaturan Guåhan
36th Guam Legislature
Guam Congress Building
163 Chalan Santo Papa, Hagåtña, Guam 96910

Dear Madame Speaker,

Transmitted herewith is Substitute Bill No. 55-36 (COR), now Public Law No. 36-54, which I am allowing to lapse into law without my signature.

It is the Legislature’s duty to set annual appropriations so that the government of Guam can provide critical services to our people. In passing Substitute Bill No. 55-36 (COR), the Legislature has satisfied its duty, but unfortunately, specific provisions of the Bill are concerning, especially considering we are still dealing with a global pandemic that has affected almost every aspect of our lives, including our financial state. However, taken as a whole, we will make this budget work as we have done with other budgets since taking office.

Our proposed budget included revenue projections we believe are reasonable given our island’s present circumstances, accounting for reduced tourist arrivals and increased federal spending, both in military projects and aid designed to address the adverse effects of the COVID-19 pandemic. We welcome the increased appropriations to certain agencies, including the Department of Revenue and Taxation (“DRT”), which acknowledges the agency's criticality and its broad impact on government operations and services, including business and driver’s licensing, tax collection and refund processing, insurance, and banking regulations. However, given the projected Business Privilege Taxes (“BPT”), other agencies, many of which are also tasked with providing vital services during this difficult time, should have been granted enhanced appropriations. Simply, the Legislature could have, and should have, done more.

Modernizing government pay structures and paying workers their due compensation have been my Administration’s top priorities, which is why I previously directed the Department of Administration to update pay plans for nurses, educators, and law enforcement officers. As you know, I approved the first pay adjustments in this series on June 18, 2021. As a result, our nurses have received a fifteen percent (15%) base pay increment, in addition to a separate agency differential rate. Under my transfer authority, I funded these pay adjustments for the remainder of Fiscal Year 2021, and on July 15th, I wrote to the Budget Chair to request funding for these pay adjustments in Fiscal Year 2022 and subsequent budgets. Unfortunately, Substitute Bill No. 55-36 (COR) did not accommodate my request. Senator Mary Torres, who has continued to advocate for Guam’s nurses, also proffered amendments to fund these approved pay adjustments in this Bill.
However, certain senators did not support this effort. As a result, agencies must now use funds within their appropriations to cover the pay adjustments, which requires them to divert financial resources from other important operational requirements.

I have consistently objected to legislation that imposes fines on government employees, in their personal capacities, for failing to meet certain reporting deadlines. These fines do little to ensure that meaningful reporting is conducted on a timely basis; instead, they needlessly place additional strain on employees (often directors and agency heads) to submit reports that, at times, are voluminous and redundant, and which often require input from other entities. The provisions impose these fines regardless of the cause of the delay, and provide no recourse for employees who cannot submit such reports timely, through no fault of their own. These provisions are, on their face, punitive in nature and inherently unfair.

This bill further includes an amendment increasing the Fiscal Year 2021 Budget Act’s provision for tax refunds to reflect and lockbox an anticipated $20 million surplus rather than simply agree to my administration’s request to increase the provision. This measure is premature at best and reckless at worst. Initial internal projections regarding an anticipated surplus should not be acted upon until reported numbers clear the audit process, which will not be completed until May 2022, at the earliest. This surplus is merely a projection until that time, and the senators are building important structures in the sand. While I understand the desire to earmark these potential funds for crowd-pleasing measures like paying tax refunds, doing so at this early juncture is simply irresponsible and likely unenforceable. The Legislature cannot appropriate this projected surplus as long as the General Fund reports an accumulated deficit. Moreover, this measure is unnecessary -- my administration has paid out more tax refunds during the current fiscal year than other administrations have managed in decades.

Finally, in a bid to restrict my ability to redirect appropriations, this budget carries an amendment limiting my transfer authority from the customary fifteen percent (15%) to a paltry five percent (5%). The purpose behind this drastic action is unclear. Since I have taken office, I have implemented strict fiscal discipline that led to stabilization of our finances, retiring the deficit by more than ninety-eight percent (98%). The Legislature’s attempts to limit my transfer authority during a global pandemic are short-sighted and rash. As discussed, this authority has most recently enabled me to fund pay adjustments for our island’s nurses, a measure I expect the Legislature would agree was proper, timely, and necessary given the essential role of our nurses in our island’s response to the public health emergency.

Despite my stated objections, we are committed to work with Substitute Bill No. 55-36 (COR) for the upcoming fiscal year, and I will allow Substitute Bill No. 55-36 (COR) to lapse into law without my signature.

Senseremente,

LOURDES A. LEON GUERRERO
